Description:

What is the status of the American family? How is it changing? Are these changes making anything better? What is the future of the family? Does religion offer a positive answer? Not since *Habits of the Heart* has one book confronted these important issues with such personal and societal impact. This groundbreaking study argues for the creation of a new family ethic that must be central to the agendas of both contemporary society and the church. The Family, Culture, and Religion series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family's revitalization.
